## LINCOLN CAMERA CLUB NEWSLETTER

Spring 2024

Registered Charity No. 1107903

Sorry that this is a double month but due to holidays I may not have time to do a separate April edition although if I receive enough info I might do a quick addendum.

We had a good turn-out for the night photo walk with almost half the membership snapping away around the uphill area of the City and the majority finishing the evening off with a good pint and plenty of banter in the Magna Carter. Let's hope that the results were as good. Thanks to Darren Juggins for his input.

March and April look like being interesting Club nights and I'm really looking forward to my mate Keith Prescott showing his amazing wildlife images on the 5<sup>th</sup>, his first ever talk but a must see!

Show n Tell is always entertaining as is the Battle with Keyworh but you've also got to put up with me, sadly the day *after* April Fools Day, that'll mean two in a row!

Finally I urge you all to visit the Lincoln Central Library before the 9th as we hung the NEMPF exhibition there and I think you'll all agree that the pictures on display are no better than the ones we displayed in our winter exhibition. Hopefully this will encourage more of us to enter the NEMPF competition next year - our standard is as good as anyone else's!!!!

David Chapman

## Just for Fun

If you're sitting in public, on a bench and someone comes and sits next to you,  
just keep staring straight ahead and say  
"Did you bring the money?"

# Monochrome Competition results
