March 2026

Registered Charity No. 1107903

Newsletter

I must start this month with the sad news that David Tabberner is leaving the Club and returning to his native Anglesey. I remember many years ago this new bloke turning up at the Club in the Cathedral Centre, wearing a wooly hat he plonked himself down in the front row. When he introduced himself he pulled off his wooly hat revealing half his right ear missing - now that's how to make an entrance!

Since then David has been a loyal member undertaking many roles and if anything needed doing at the Club David was always first to volunteer. On behalf of the Club I thank him for everything he's done over the years and wish him all the best back with his family on Anglesey.

Unfortunately David was ill on the last Tuesday in the month, suffering from Shingles, so missed the planned Slaver presentation, Darren did read out his prepared speech so the newer members knew of the esteem in which we held him. He is always welcome back if he's ever in the vicinity and I will continue to send him the Newsletter.

So that's Eion gone back to Scotland and David back to Wales, all I can think of now is Poland!

What an excellent evening the "Work & Play" preview and selection was. I was Impressed with the quality of the images and the subject matter but more-so how refreshing was it to have John Whaler judging again. A proper judge, someone with wit and character as well as an understanding of the subject and one that doesn't ramble on endlessly. Thanks John, we've missed judges like you! That had nowt to do with him picking a couple of my photos for the four to be enlarged on canvas so I should have also added taste to his attributes! It appears the four canvas prints has now been increased to ten! We ought now to put Tony Houlden to the test again soon!

Part two of the NEMPF exhibition is to be hung in the Central Library on Monday March 2nd so anyone willing to help please be there at 9,00 am.

David Chapman

March Programme
